Standard NIBIN Informational Alert

National Integrated Ballistic Information Network (NIBIN)

NIBIN Hit: Through microscopic examination, evidence from the below listed cases has resulted in a confirmation from a firearms examiner.

NIBIN Lead: NIBIN has produced an unconfirmed correlation. This should only be considered an investigative lead. A microscopic examination by a firearms examiner is needed to confirm this association. If confirmation is necessary to further the listed investigations, return your evidence to the ballistics lab of submission. A microscopic confirmation will not be conducted unless specifically requested by the submitting agency. Please contact the ballistics lab of submission.
